Application Deadline March 31, 2026

Aloha, my name is Bezeiah Tausa'afi Togafau. I am currently a senior at Radford High School. Throughout my high school years, I have maintained an active involvement in church, athletics, and my community. These involvements have helped shape my character, shown me discipline, and helped me set positive goals for myself as I embark on a new journey after high school. I have participated in both football and volleyball, where I have learned the importance of teamwork, leadership, and perseverance. In football, I earned Offensive MVP and Impact Player honors in two games, being recognized for my talent, effort, and consistent contribution to my team. In volleyball, one of my proudest achievements was winning both the OIA and State boys high school varsity volleyball championships. This journey has shown me that hard work, dedication, determination, and perseverance pay off.

In addition to sports, I have maintained a strong academic performance. I work hard not only on the field or on the courts but also as a student athlete maintaining academic excellence. As a student athlete, I have also earned CTE Academic Honors, which reflects my commitment to both my education and career readiness. Balancing academics and athletics have taught me how to manage my time effectively and stay focused on my long-term goals.

Outside of school, I have also been involved in community service and fundraising efforts. I have participated in community cleanups and helped organize and work at car washes to raise money for various causes. These experiences have allowed me to give back to my community while also developing a sense of responsibility and service.

After graduation, I plan to attend North Park University to continue my education and work toward setting a successful foundation for my future. My main goal is to help support my family by becoming the best version of myself. I am motivated to work hard, lower the cost of my college education for one scholarship opportunity at a time, and to show others—especially colleges—that I can achieve great things. Through dedication, perseverance, persistence, and a strong support system, I will build a solid foundation for my future and will not only make myself proud but my family. Thus, my career goals are to be the best version of myself and to excel in something I passionately find intriguing enough to spend the rest of my life exploring.

Mahalo for the opportunity, and Alooooooha!

To Whom It May Concern,

It is a distinct pleasure to recommend Bezeiah "Afi" Togafau for admission and scholarship considerations. Afi has been a part of our Radford Boys Volleyball Program since his sophomore year. Having coached him on the Boys Varsity Volleyball team since his junior year, and observing his academic journey as the school's Curriculum Coordinator, I have had a front row seat to his development as an athlete, a leader, and a young man of character.

Afi is a true multi-sport athlete, a rarity in today's era of specialization. At Radford, he is a familiar face across seasons, serving as the Quarterback for the football team and competing with the paddling team. His ability to transition between the physical demands of the gridiron, the water, and the court speaks to his exceptional athleticism and grit.

In our volleyball program, he has been a cornerstone of our success. He was a vital member of the historic team that secured both the OIA Division II Championship and Radford's first-ever State Championship Division II title last season. Even as a sophomore on the JV squad, his leadership was evident, earning him the role of team captain. He carries a positive, infectious energy into the gym every day that lifts the spirits of his teammates.

Beyond the scoreboard, Afi has consistently demonstrated a "service-first" mentality. He is always the first to volunteer for our team's community outreach. Whether he is engaging with younger students at Shark-Fest at Pearl Harbor Elementary or raising awareness for autism at the Blue Carnival for Makalapa Elementary and Radford students, he approaches service with genuine empathy and a smile.

Academically, Afi maintains good grades while balancing a schedule that would exhaust most adults. Like many student-athletes juggling three sports and community service, he is learning to navigate the demands of a heavy calendar. However, his openness to coaching and his positive response to feedback suggest that he is well on his way to mastering the dependability required for the next level.

Afi is a champion in the truest sense—not just because of the rings on his finger, but because of the character he displays when the bleachers are empty. He brings a winning culture and a servant's heart to any organization he joins. I recommend him with confidence.

Sincerely,

Melanie Toloumu

To Whom it May Concern,

My name is Mason Manuma, head football coach at Radford High School and I am willing to strongly recommend Bezeiah "Afi" Togafau for the Air Cargo Association of Hawaii Scholarship. I have had the privilege of coaching him at Radford High School since his sophomore year, and I can confidently say that he is one of the most resilient young men I have worked with.

From the moment he joined our program, Afi as he is most commonly known, stood out not only for his athletic ability, but for his work ethic and character. He consistently demonstrates discipline, accountability, and leadership. Whether it is staying after practice, supporting teammates, or pushing through challenges -he leads by example.

What makes his accomplishments even more meaningful is the adversity he has faced. Coming from a single-parent household, Afi has had to overcome obstacles that many students do not experience. Despite these challenges, he has remained focused, motivated, and committed to improving himself as well as his teammates. This became most prevalent this past season. As our starting QB, he demonstrated complete leadership of the team, constantly putting the team before himself, holding himself accountable for his teammate's mistakes, showing true selflessness, which is who he is. Another example is how he was never one to put himself above the team, continuously playing whichever position we needed him to so that the team may succeed. He does not use his circumstance as an excuse, instead, he uses them as fuel to succeed.

Beyond athletics, Afi is a respectful and responsible individual on campus, whose teaches have nothing but great things to say about him as well as every fellow student he comes into contact with. He understands the value of teamwork, perseverance, and integrity. He has grown tremendously during his time in our program, and I have no doubt that he will continue to excel in whatever path he chooses.

I wholeheartedly recommend Bezeiah "Afi" Togafau for Air Cargo Association of Hawaii Scholarship. He is truly deserving of the opportunity, and I am confident that he will make the most of it.

If you have any further questions, please feel free to contact me.

Sincerely,
Mason Manuma
